Team handicaps will be the total of the handicap times for all team members.

Acknowledgments

Financial support has been provided by the Williamson County Tourism Bureau. We are very grateful for their help, without which the race would not be possible.

More than 200 volunteers, including members of the Southern Illinois Amateur Radio Society, will help on the day of the race. The sheriffs of Johnson, Pope, and Union counties, and the Illinois State Police, will assist with traffic control. The organizing committee is very grateful to all of these people. Please express your appreciation should you have the opportunity, and make their jobs easier by following their instructions.
